Note 1: Petroleum Exploration Permit WA-523-P covers some blocks in the offshore area of Western Australia.

Note 2: This subitem is to reflect the changes to the offshore area of Western Australia resulting from the changes to the scheduled area for Western Australia made by the amendment of clause 5 of Schedule 1 to the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* by this Part. That amendment is to give effect to the changes in the boundary of the continental shelf resulting from the Timor Sea Maritime Boundaries Treaty.

Note 3: Paragraph 2 of Article 4 of Annex D to the Timor Sea Maritime Boundaries Treaty provides for the security of title and any other rights held by the holder of Petroleum Exploration Permit WA-523-P before the commencement of this item to be preserved through equivalent conditions determined by agreement between the parties to the treaty and the holder of the permit.

(2) To avoid doubt, the alteration of the permit area of Petroleum Exploration Permit WA-523-P by subitem (1) does not otherwise affect:

(a) the continuity of the permit; or

(b) the operation of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* or the *Offshore Petroleum and Greenhouse Gas Storage (Regulatory Levies) Act 2003*, or regulations or
other instruments (except the permit) made for the purposes of either of those Acts, in relation to the permit.

**Petroleum Production Licence WA-18-L**

(3) To avoid doubt, the alteration of the licence area of Petroleum Production Licence WA-18-L, granted on 13 May 1999 under Division 3 of Part III of the repealed Petroleum (Submerged Lands) Act 1967, occurring under paragraph 33(3)(b) of the Offshore Petroleum and Greenhouse Gas Storage Act 2006 as a result of the amendment of clause 5 of Schedule 1 to that Act by this Part does not otherwise affect:

(a) the continuity of the licence; or

(b) the operation of the Offshore Petroleum and Greenhouse Gas Storage Act 2006 or the Offshore Petroleum and Greenhouse Gas Storage (Regulatory Levies) Act 2003, or regulations or other instruments (except the licence) made for the purposes of either of those Acts, in relation to the licence.

Note 1: Petroleum Production Licence WA-18-L covers a block that is in the offshore area of Western Australia and whose boundary changes because of the changes in the boundary of the continental shelf resulting from the Timor Sea Maritime Boundaries Treaty.

Note 2: That amendment is to give effect to the changes in the boundary of the continental shelf resulting from the Timor Sea Maritime Boundaries Treaty.

**Petroleum Production Licence AC/L5**

(4) To avoid doubt, the alteration of the licence area of Petroleum Production Licence AC/L5, granted on 2 January 2018 under Part 2.4 of the Offshore Petroleum and Greenhouse Gas Storage Act 2006, occurring under paragraph 33(3)(b) of that Act as a result of the amendment of clause 8 of Schedule 1 to that Act by this Part does not otherwise affect:

(a) the continuity of the licence; or

(b) the operation of the Offshore Petroleum and Greenhouse Gas Storage Act 2006 or the Offshore Petroleum and Greenhouse Gas Storage (Regulatory Levies) Act 2003, or regulations or other instruments (except the licence) made for the purposes of either of those Acts, in relation to the licence.

Note 1: Petroleum Production Licence AC/L5 covers 2 blocks that are in the offshore area of the Territory of Ashmore and Cartier Islands and whose boundaries change because of the changes in the boundary of the continental shelf resulting from the Timor Sea Maritime Boundaries Treaty.

Part 18

Note 2: That amendment is to give effect to the changes in the boundary of the continental shelf resulting from the Timor Sea Maritime Boundaries Treaty.

**Gazettal not required**

(5) Section 708 of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* does not require the Titles Administrator to cause notice to be published in the Gazette of an event that occurs because of this item or is described in this item.

(6) Subitem (5) has effect despite subitems (2), (3) and (4).

132 Alteration of Pipeline Licence WA-8-PL to reflect new continental shelf boundary

**Application**

(1) This item applies in relation to Pipeline Licence WA-8-PL, granted on 27 April 2001 under Division 4 of Part III of the repealed *Petroleum (Submerged Lands) Act 1967*.

Note: The licence relates to the section of the pipeline running from the Bayu-Undan gas field to Australia that is in the offshore area of Western Australia.

**Extension of route of pipeline to new continental shelf boundary**

(2) On and after the commencement of this item, the licence has effect as if the reference, in the description of the route of the pipeline, to “8751184mN, 280306mE” were a reference to 8754465.49 mN, 266555.28 mE.

(3) To avoid doubt, subitem (2) does not, except as otherwise provided by this item, affect:

(a) the continuity of the licence; or

(b) the operation of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* or the *Offshore Petroleum and Greenhouse Gas Storage (Regulatory Levies) Act 2003*, or regulations or other instruments made for the purposes of either of those Acts, in relation to the licence.

(4) Section 708 of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* does not require the Titles Administrator to cause notice to be published in the Gazette of an event relating to the licence that occurs because of this item.
Schedule 1  Provisions commencing when new treaty comes into force

1  Licence continues to be a prior usage right

2  (5)  To avoid doubt, subitem (2):

3     (a) does not affect the status of the licence, for the purposes of
4            Subdivision C of Division 4 of Part 15 of the Environment
5            Protection and Biodiversity Conservation Act 1999, as a
6            usage right held by a person on 27 April 2001 in relation to
7            seabed included in a Commonwealth reserve after that day;
8            and
9     (b) does not cause that usage right to be renewed, or have its
10            term extended, for the purposes of subsection 359(3) of that
11            Act.
12
13     Paragraph (b) of this subitem has effect despite the second sentence of
14     subsection 359(3) of that Act.

133  New pipeline licence for part of Bayu-Undan pipeline

134       Grant of new pipeline licence

135           (1)  On the commencement of this item, a pipeline licence (the new licence)
136           is taken for all purposes to be granted under Part 2.6 of the Offshore
137           Petroleum and Greenhouse Gas Storage Act 2006 by the Joint
138           Authority for the Bayu-Undan pipeline international offshore area to the
139           person who, immediately before that commencement, was the registered
140           holder of Pipeline Licence WA-8-PL, granted on 27 April 2001 under
141           Division 4 of Part III of the repealed Petroleum (Submerged Lands) Act
142           1967.

133       Content of new pipeline licence

136           (2)  The new licence is taken to specify the Bayu-Undan pipeline
137           international offshore area.
138
139           (3)  The new licence is taken to specify that the design, construction, size
140           and capacity of the pipeline to which the licence relates are based on the
141           parameters in the following table.

Affecting new licence

(5) To avoid doubt, the new licence may be terminated, varied, surrendered or cancelled, and the conditions to which it is subject may be varied, under the *Offshore Petroleum and Greenhouse Gas Storage Act 2006*.

(5A) However, the Joint Authority must not consent under section 270 of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* to the surrender, in whole or in part, of the new licence unless the pipeline to which the licence relates has been removed from the surrender area to the satisfaction of NOPSEMA. This has effect despite subparagraph 270(3)(c)(ii) and subsection 270(5) of that Act.

Dealings relating to new licence

(6) Any dealings that:

(a) related to Pipeline Licence WA-8-PL, granted on 27 April 2001 under Division 4 of Part III of the repealed *Petroleum (Submerged Lands) Act 1967*; and

(b) were of a kind to which Part 4.6 of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* applies; and

(c) were in force immediately before the commencement of this item;

are taken for all purposes also to be in force in relation to the new licence.

(7) The Titles Administrator must make an entry of each of the dealings mentioned in subsection (6) on the memorial of the new licence in the Register kept under section 469 of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* for the Bayu-Undan pipeline international offshore area.

(8) To avoid doubt, dealings relating to the new licence because of subitem (6) may be affected by dealings occurring after the commencement of this item, subject to Part 4.6 of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006*.

Grant of new licence need not be gazetted

(9) Despite subitem (1), section 708 of the *Offshore Petroleum and Greenhouse Gas Storage Act 2006* does not require the Titles
Administrator to cause notice to be published in the Gazette of the grant of the new licence.

134 Extension of environment plan and safety case for Bayu-Undan pipeline

Application

(1) This item applies in relation to Pipeline Licence WA-8-PL granted on 27 April 2001 under Division 4 of Part III of the repealed Petroleum (Submerged Lands) Act 1967 (the old licence).

Note: The old licence relates to the section of the pipeline running from the Bayu-Undan gas fields to Australia that is in the offshore area of Western Australia.

Extension of environment plan for pipeline

(2) An environment plan (within the meaning of section 572C of the Offshore Petroleum and Greenhouse Gas Storage Act 2006) in force, immediately before the commencement of this item, for an activity relating to the old licence:

(a) continues in force in relation to that activity relating to the old licence as affected by this Part; and

(b) has effect in relation to that activity relating to the pipeline licence taken under this Part to have been granted in relation to the Bayu-Undan pipeline international offshore area.

(3) To avoid doubt, subitem (2) does not prevent any of the following:

(a) revision of the plan;

(b) withdrawal of acceptance of the plan;

(c) end of the operation of the plan.

Extension of safety case for pipeline

(4) A safety case in force in relation to a facility that is the pipeline to which the old licence relates immediately before the commencement of this item:

(a) continues to be a safety case in force in relation to a facility that is the pipeline to which the old licence as affected by this Part relates; and

(b) is a safety case in force in relation to a facility that is the pipeline to which the pipeline licence taken under this Part to
have been granted in relation to the Bayu-Undan pipeline international offshore area relates.

For this purpose, safety case in force in relation to a facility has the same meaning as in section 7 of the Offshore Petroleum and Greenhouse Gas Storage (Regulatory Levies) Act 2003.

(5) To avoid doubt, subitem (4) does not prevent any of the following:

(a) revision of the safety case;

(b) withdrawal of acceptance of the safety case.
Part 19—Amendment of the Passenger Movement Charge Collection Act 1978

Passenger Movement Charge Collection Act 1978

135 Section 3

Repeal the following definitions:
(a) definition of Joint Petroleum Development Area;
(b) definition of petroleum;
(c) definition of petroleum activities;
(d) definition of Timor Sea Treaty.

136 Paragraph 5(l)

Omit “Joint Petroleum Development Area in connection with the prospecting for petroleum or the undertaking of petroleum operations”, substitute “Greater Sunrise special regime area (within the meaning of the Seas and Submerged Lands Act 1973) in connection with Petroleum Activities (within the meaning of the Treaty between Australia and the Democratic Republic of Timor-Leste Establishing their Maritime Boundaries in the Timor Sea done at New York on 6 March 2018, as in force from time to time)”.
