

Update on Progress

- On April 1, 2008, MCC representatives met with Timor-Leste’s Minister of Finance in New York to discuss the compact development process. The government has shown its commitment to the process by allocating a dedicated budget for Compact development, appointing principal points of contact for both policy improvement as well as compact development, and hiring staff to assist Timor-Leste’s core MCC team.
- An MCC delegation will be conducting a re-engagement mission to Timor-Leste in May 2008. During the visit, MCC representatives plan to meet with government officials, donor agencies, NGOs, civil society, and the private sector to describe the overall compact development process, and discuss next steps toward developing an MCC investment program and the policy improvement process.
