Press Release

Meeting of the Council of Ministers on July 8, 2026

The Minister of Finance, Santana José Rodrigues F. Viegas Cardoso, gave a presentation to the Council of Ministers on the preparation of the General State Budget (GSB) for 2027, focusing on adopting a budgeting approach based on political priorities and using future estimates as the basis for the budgetary process.

The presentation focused on the process of preparing the 2027 GSB, including an update on the work carried out by the Policy Review Committee, the Government's policy priorities under consideration, the methodology for developing the respective proposals, and the framework for multiyear budget estimates. The next steps in the process were also outlined, which include the drafting of proposals by the responsible entities, their review by the Ministry of Finance, and the subsequent evaluation of budgetary options.

Following the presentation, the Council of Ministers endorsed the Policy Review Committee's guidance on the Government's 28 Policy Priorities, including the identification of the entities responsible for drafting the detailed proposals, with multi-year cost estimates, the implementation timeline, and the framework for monitoring and evaluation using performance indicators. The Council of Ministers also endorsed the Future Estimates, which will serve as the basis for preparing the GSB for the next five years.

Lastly, the Council of Ministers decided to approve an indicative ceiling of 2.1 billion U.S. dollars for the 2027 General State Budget.
