Why is procurement important?

79% of state expenditures are through procurement.

General approach

- This presentation will show some types of information related to procurement which can be found on the eProcurement Portal and other sources, mainly from the Government.
- It explores a few inconsistencies and odd-looking patterns which might indicate maladministration or corruption.
- Further investigation is needed to know if there is really something wrong, and who is responsible.

To: Ex^o Sr. Kay Rala Xanana Gusmão
 Primeiro Ministro da RDTL

Subject: Supply of Sixty Units Toyota Prado
 Request Authority to Negotiate a Single-Source Contract

Your Excellency,

This has reference to the procurement of 59 units of Mitsubishi Pajero for the National Parliament which was unsuccessful because all bids received were non-complying to the bid requirements.

We have informed the National Parliament of the tender result and recommended a re-bidding however, we received today the attached letter from the National Parliament (Ref.No. 211/2012/SG) informing the NPC of its decision to change the vehicle type to a Toyota Prado and the National Parliament is now requesting urgent procurement of sixty (60) units of the said vehicle.

We believe that the National Parliament's decision to change the vehicle type to a Toyota Prado and the urgency of their request leaves the NPC no other alternative but to procure the vehicles through a Direct Adjustment procedure (single-source). This type of procurement may be justified in this particular case, for the following reasons:

1. There is only one authorized Toyota Dealer in Timor-Leste and this means that there are no reasonable alternatives in the market;
2. NPC has recently completed a competitive tender for the supply of 8 units Toyota Prado and the bid of the authorized Toyota Dealer, Auto Timor Leste was clearly superior in both the technical and price aspects and we believe that a new competitive tender will not guarantee any additional benefit for the government and will only delay the procurement.

In this regard, we respectfully request that the NPC be given the authority to initiate contract negotiations with Auto Timor Leste. Once we have agreed on the contract terms, we will submit our recommendation to award the contract for your consideration and approval.

We note that that the unit price from the recently completed tender for the Toyota Land Cruiser Prado(GX), 5-door, 3000 CC Diesel Engine Model is \$62,170 per unit however, we expect a price reduction for this procurement which involves a much larger quantity.

Yours faithfully,

 Aniceto de Rosario
 National Procurement Commission

The two largest contracts in TL history are for power plants.

Puri Akraya got \$406 million.

Information from April 2011 Deloitte audit of EDTL:

<http://www.laohamutuk.org/Oil/Power/2011/11PowerPlant2011.htm#Deloitte>

- PAE was a newly-created company with “significant difficulties” and there was no consultation with other suppliers.
- PAE’s directors are Indonesians Eng Ho Tan, Dany Subrata, Raul Puri and Chander Vinod Laroya.
- The first two shareholders, in July and August 2010, were Full Blossom Limited (Hong Kong) and Pearl Energy Worldwide Ltd (British Virgin Islands), who invested only \$2.
- 69% of PAE shares are owned by Dooks Group Holdings Ltd from the British Virgin Islands. Total value of stock issued: \$7.8 million.

PAE is a single-source contract.

From Deloitte’s audit of the Infrastructure Ministry:

<http://www.laohamutuk.org/econ/OGE11/CGA11/LHsubComCGSA2011Nov12.htm>

2.3.1.5 Direct award without justification

The lack of documentation provided has made the determination of instances of direct award difficult to determine. However, per our discussions with the Secretary of State of Electricity, Water and Urbanisation, **Puri Akraya was a direct award (single sourced) contract.** The contract was subsequently approved by the Council of Ministers.

Article 92 of Decree-Law 10/2010 permits direct award under specified circumstances. In this case **there was no evidence that this procedure had been followed** or the justifications for the purchase provided. When direct award cases are processed without any justification, it can result in procurement procedures being circumvented under the guise of being urgent or special matters.

INVITATION TO BID

International Competitive Bidding

Tender ID No.: ICB/024/MPW-2012
Description: SUPPLY OF HIGH SPEED DIESEL FUEL FOR EDTL

The National Procurement Commission on behalf of the RDTL Ministry of Infrastructure invites bidders for the Supply of High-Speed Diesel Fuel to the Electricidade de Timor-Leste (EDTL), which will be funded from current year budget appropriations of Secretary of State for Electricity, Ministry of Public Works.

The contract involves the Supply of Forty-Seven Million Liters (47,000,000) of High-Speed Diesel Fuel over a six-month period from 1 November to 30 April 2013 to be delivered to the existing storage tanks at the Hera Power Plant.

Bidding will be undertaken on an International Competitive Bidding with the participation of bona fide international and local companies. The potential bidders should take note of the following key qualification requirements for this tenders:

- A minimum average annual turnover, over the last three (3) years, of US\$ 10 million;
- Experience as a fuel supplier for at least 3 years and has completed one (1) contract of similar nature and magnitude for the 5 past years.
- Cash flow capacity of at least US\$ 8.5 million.

Interested bidders may obtain further information from **Aniceto do Rosario**, Member, National Procurement Commission, email: adorosario@npc.gov.tl copy to: milo@npc.gov.tl

The tender documents are available in CD-ROM and may be obtained free-of-charge by any interested bidder upon submission of a written application, at the Office of the National Procurement Commission located at **Palacio do Governo, Edificio 2-1* Andar Avenida Presidente Nicolau Lobato, Dili, Timor-Leste**. International bidders may send their written application by email after which a PDF copy of the tender documents will be sent also by email.

A pre-bidding meeting will be held at the same address specified above on **25 September 2012** at **1000 hours Timor-Leste time**.

The bids must be received also at the same address specified above no later than **1600 hours on 11 October 2012**. Late bids shall be rejected.
