

Invitation for Expressions of Interest (EOI)

Tender for Drilling Services, Equipment & Consumables Onshore Drilling in Timor-Leste

Timor Resources Pty Ltd, the Operator of **PSC TLOT1708 and TLOT1709**, is seeking **Expressions of Interest (EOI)** from qualified international suppliers to participate in a competitive tender for the provision of drilling services, equipment, and consumables for its onshore drilling campaign in **Timor-Leste**, in 2H 2025.

Scope of Services & Equipment Required

Qualified suppliers are invited to submit EOIs for the following services and consumables:

Drilling Services

- **Onshore Drilling Rig (1000HP)** – To support planned drilling operations.
- **Cementing Services** – Including high-pressure pumping and downhole cementing.
- **Liner Hanger Fabrication & Installation** – Provision of equipment and installation expertise.
- **Downhole Testing Services (MWD/LWD)** – Measurement and logging while drilling.
- **Mud Logging & Directional Drilling Services** – Real-time formation evaluation and directional guidance.
- **Wireline Services** – Open-hole and cased-hole logging services.
- **Drilling Fluids (Mud) Services** – Supply and management of drilling fluid systems.
- **Domestic Cargo & Customs Handling Services** – Coordination of import/export clearance.
- **Domestic Freight Transfer & Trucking Services** – Inland logistics support.
- **Shipping Services for Cargo Movements** – International freight handling.

Drilling Consumables Supply

- **Drilling Fluids** – Including Ilmenite Microdense and Barite.
- **Diesel Supply** – Fuel for drilling operations.
- **Casing Supply** – Various sizes

Project Background

Timor Resources has drilled 3 exploration wells onshore Timor-Leste, and in 2025 is planning to drill 2 to 3 appraisal wells. As the Operator PSC TLOT 1708, we have entered a series of services contracts with international service companies, to drill the first of the proposed appraisal wells. In order to meet our compliance obligations under our Production Sharing Contracts and in accordance with the **Onshore Petroleum Laws of Timor-Leste**, we are required to re-tender all services for the second and any subsequent appraisal wells. Accordingly, Timor Resources now invites EOI from suitably qualified international service providers who are interested in participating in the onshore drilling as planned for 2H 2025.

How to Register Your Interest

Interested suppliers must register to receive the full tender documents. For further details, please contact:

 **Email:** admin@timorresources.com.au

Timor Resources reserves the right to pre-qualify suppliers and issue formal tenders only to shortlisted applicants.

◆ **Deadline for EOI Submissions:** 28th February 2025

We look forward to engaging with industry-leading suppliers to support our upcoming drilling campaign.
